GENERAL AND REVENUE SECRETARIAT

Serial Nos. One

Part B for June 1948.

SUBJECT

The amelioration & uplift of Depressed Classes be transferred to the Rev. Commissioner.

Order No. 9681-703/CB. 335-47 to 2 of 19th June 1948

To The Revenue Commissioner
Re Comptroller to Govt
Re Deputy Commissioners of districts
Re Sentences by Govt
Re Commissioner of Labour

WD 010861—GPR—25,000—18-9-50

5594
KB.

Transfer of the work connected with the amelioration of the condition of the Depressed classes to the Revenue Commissioner

1) The Govt of Mysore have been for some years past paying special attention for the uplift of the depressed classes It is the intention of Govt to release the members of the depressed classes from their economic serfdom as far as possible, to ~~enable~~ them to have their own houses provide drinking water facilities and create other amenities for their betterment through the activities of the development department It is also the intention of Government to have effective propaganda to make the members of the depressed classes aware of the certain basic defects prevailing in them and help them to get rid of them, and to take advantage of the ameliorative measures executed by Government

Special grants were being allotted every year out of 30 grants for Public improvements for providing building sites to the Adikarnatakas and other depressed classes these grants were being operated upon by the Deputy Comrs of Districts under the ~~central grant~~ control of the Revenue

2) There were representations to the effect that the money budgeted for the uplift of the depressed classes was inadequate, and proper attention was not being paid in the matter of depressed classes work

3) ~~Taluk~~ with a view to seeing what safeguard steps were taken in the State to carry out the benevolent objects of Govt, Taluk, District and central Advisory committees were constituted they were expected to meet periodically, ~~one~~ and ~~now~~ render advice to the ~~Govt~~ Amildars Dy Comrs and the Revenue to carry out the ameliorative work ~~in general~~ Larger grants were also budgetted for Revenue Comr was considered

considered to be the head of this departmental work during ~~the~~ the years 1944-45, 45-46, 46-47 large grants were allotted and spent in the Rural areas under the control of and direction of the D.C the special officers for depressed classes also were under the control of the D.C. meetings were held regularly

4) But there were several representations made on the floors of both the houses to have a separate department to carry on the ameliorative work on the ground that the already over-worked Revenue agency could not pay such attention to the depressed class work as it ought to. There was also a move to have a separate agency also for the execution of the work in the talukas

5) While this question was under the consideration of Government, there were suggestions made to have

the work of the amelioration of the condition of the depressed classes on the programme of the Rural Service itself these matters were under investigation. In the mean while Govt. in mean considered that the Director of Industries and Commerce could who was also the Comr for labour could not attend to the labour problems ever increasing labour problems and there was great need for appointing a separate officer for labour Govt accordingly sanctioned an appointment of a separate labour Comr, who was also made the Comr for depressed classes and was given the assistance of an officer of the rank of an Assistant Comr to attend to the work connected with the depressed classes This assistant is an executive officer with powers to tour in the districts and supervise the work that is being carried on through the Revenue agency in matters concerning the depressed classes An establishment involving a monthly expenditure of Rs 550/- has also been sanctioned on a temporary basis

to the above of the cost for depressed classes separate contingent grants, travelling allowances etc have been allowed including the pay of the Spl officers & thus the annual expenditure on account of the pay etc is estimated at Rs 50,000/- or nearly one lakh of the budget grants under "no grants for Public Improvements 12 Amelioration of the condition of the Depressed classes" this expenditure will increase by leaps and bounds if a separate machinery, executive and clerical is set up in the Taluks to carry on the amelioration work the result to be expected may not be in commensurate with the expenditure involved as any development work has as its ultimate field of action in a unit of village, which by time immemorial has been subject to control and direction of the Revenue officers and Revenue Administration

the vital matters concerning
the betterment of the depressed classes
viz (1) grant of lands to the Harijans
(2) Fees of private proprietors
for Harijan or other extensions
(3) Provision of drinking water
facilities (4) Construction of
the roads (5) grant of mahi
licenses for the removal of timber
from Forests up to a limit (6) giving
relief to the sufferers in accidental
fires (7) grant of Tarcaar loans the
either fall within the scope of
the revenue codes and rules,
or are within the competency of
the officers of the Revenue Department
As a result of this any separate
agency or office set up for
carrying on the ameliorative
work has perforce to depend
ultimately on the Revenue department
and entrust its work in the
Revenue unit, namely a village
it would be a difficult task to
amend codes or rules, or to
make provision under Under
separate Govt orders for the
execution of work which are among
legislation And the results to

results expected to be achieved are matters perhaps more for surmise than realities

b) Experience for the past (nearly) one year has also shown that with the establishment of a separate office for the depressed class work, nothing tangible progress has been achieved apart from what the O.C.s of districts have achieved on their own besides that has not been furnished with a correct statistics of work done the quarterly meetings of the central Advisory committee for depressed classes has not been held further it is rather a delicate point to make the officer of the status of a Revenue comes to be a member of a committee presided over by an officer of the status of a Deputy Collr the central Advisory committee will have to function in without the valuable advice

the Revenue Court

1) If on the other hand the work of amelioration of the depressed classes is transferred to the Revenue ~~Department~~ Court it is possible for the R.C who has intimate knowledge of the entire population of rural areas to administer the rules concerning this class of people to their best advantage there is a greater scope for better work in this direction & the work is transferred to the RC as the entire executive machinery is under his control and direction

8) It may not be out of place in this connection, to state, that under the contemplated reorganisation of the Rural Dept work, it is proposed to ~~create~~ have TK, Dist and Central Dept committees having Harijan members also in their personnel The ofl officers for depressed classes in the Dept will be the Secretaries of the Dist committees The Powers of all the committees will be increased

members the VPs will also have Haryana
the Development Inspectors
are also expected to carry out the
work relating to the amelioration
of the condition of the depressed
classes further, the 'Grama-
Panchayat Sahayaks', the Rural
Development Propaganda Vans
and the Propaganda Squads
to be employed under the R.D
scheme will serve as channels
for propaganda on matters of
Harijan uplift, while there
may be no objection for
the employment of as many
as Harijan officers for R.D
work so that adequate attention
may could be paid to the
Harijan work since the Rev
Comm is the Head of Rural
Dev Deptt, since almost all
Harijan population, like others,
lives in rural areas and their
betterment is intimately associated
with the Rural Development,
it is perhaps desirable to
retransfer the work to the
Revenue Minister, the D.C
who is also the Rev Comm
can better handle matters
connected with the recent
legislation viz. the temple entry

9) Even the transfer of work of Harijan uplift to the Revenue, would be economically sound, practically more advantageous, and facilitates quicker despatch of work

10) The Minister for L S G and Harijan uplift has minuted on one of the files as under:-

"The Revenue Commr as Comm for Depressed classes, was not provided with a special staff, for conducting the above meeting (C A C. meeting) excepting a clerk in his office to attend to these subjects He was regularly conducting the quarterly meeting . - - - - - etc"

11) On the file relating to the representation of some of the RA members to appoint Sri Radhakrishna as the Comm for Depressed classes similar views have been furnished and the file relating to the question of entrusting work connected with the Harijan uplift to R D department is linked to that file furnishing a similar note

12) Submitted for perusal and orders

sd/-
25/4/83/5

13 The above note is for perusal

14 There is great advantage in re-transferring the work to the R C. with all the establishment Sanctioned. This will result in greater economy also-besides wielding better Control over the Rev officers who are mainly concerned with the execution of the various measures Connected with this work The public also will be very much benefited by this step

THE POST OF THE COMMISSIONER FOR DEPRESSED CLASSES

1) At a meeting of the Central Policy Committee for Depressed Classes held in the chambers of the Chief Minister on the 10th May 1952, the members pressed the need for having a separate Head of the Department for the uplift of Depressed Classes, some suggested that the amelioration of work may be carried on through the existing Revenue agency with the Revenue Commissioner as a chief controlling authority giving him the assistance of an officer of a good status and standing. It was brought to notice of the members that the Commissioner for L.S.G. is the commissioner for Depressed Classes also and he was an officer of the status of the Head of the Department. In considering the various suggestions put forward by the members, the Chairman directed among other things the following point may be examined:

xx xx xx

2) " Whether the posts of the Commissioner for Depressed Classes should be made independent or has to be attached to the Commissioner for Local Self-Government having in mind the proposal to constitute a Revenue Board"

xx xx

3) The schemes for the amelioration of the condition of the Depressed Classes were originally entrusted to the Revenue Commissioner. The Commissioner for Labour was appointed Commissioner for Depressed Classes in July 1947; but the work was retransferred to the Revenue Commissioner in June 1948. The Note leading to the retransfer of the amelioration work to the

NOTE—Contn. Sheet.

2 The chief constituting officer of

File No. of 194 | General and Revenue Secretariat

Serial No.

Revenue Commissioner contained in the CB collection 3335-47(2) explains the circumstances under which the work relating to the Depressed Class uplift was retransferred to the Revenue Commissioner.

3) This arrangement was in force only for a short period of about six months when the scheme for the amelioration of the condition of the Depressed Class Work was transferred to the control of the Commissioner for Rural Development (now the Commissioner for Local Self Government. The work is being at present carried on with the direction of the Commissioner for L.S.G. The Commissioner for L.S.G has for his assistance Special Officers for Depressed classes, Spl Revenue Inspectors and Two Regional Officers. A point was mooted out in the meeting held on the 10th July 1952 if these officers could not be absorbed in the regular cadre and the work carried out by appropriate Revenue authorities.

5) The amelioration work consists mostly of the disposal of land acquisition cases and grants of lands. Other ameliorative measures are carried out by the Education and other departments consistent with the Budget grants and resources. The Revenue Department is primarily interesting themself in relieving these Depressed Classes from the economic disabilities by providing lands and sites. Other items of work as procuring building materials etc are also being attended to by the Revenue Officers. At present the Amildars and other officers are dually controlled. In Revenue matters by the Revenue Commissioner and in matters of D.Class uplift by the Commissioner for LSG.

LB 3274

The chief Controlling Office of A

General and Revenue Secretariat | File No. | of 194 . | [App. F. III–2

Serial No.

6)

The work devolving in the Office of the Commissioner for L.S.G. so far as depressed Class matters are concerned is not much and its transfer to the Revenue Commissione r will not inconvenience in any way the Revenue Commissioner. As it is, the work relating to the review of the disposal of lands and disposal of land acquisition cases are being attended to in the Revenue Commissioner's office and it is the Revenue Clerks that are attending to the papers connected with the above matters. The Rural Development clerks ~~clerks~~ are attending to the distribution of grants only. It would perhaps be better to treat the Revenue Commissioner as the Head of the Departmer in respect of the work relating to the Depressed Class uplift and absorb the existing Regional Officers in the regular departments.

7) As regards the Spl Officers for Depressed Classes it may be stated that they are having a graded scale of Rs 150-10-200 and most of them have drawn increments and nearing the maximum. They have at present no scope for betterment. They will have to stagnate as Spl Officers. Sooner or later they will have to be taken as officers of several departments. The representation in the gazetted rank of the members of the depressed classes is ~~infinitely~~ small. There are about 22 gazetted officers only. If the Spl Officers are removed and are taken to Revenue or Sales Tax depart ments there will not be any agitation. These spl officers have no indpendent powers. They are only recommending officers. The Advisory Committees if constituted can recommend bases of hardship and even point out by local experience the areas where

8) 1/2

NOTE—Contn. Sheet.

LB 3274

The chief controlling officer of A.P.

File No. of 194 | General and Revenue Secretariat | Serial No.

lands are avilable etc.

8) In the light of the above facts the work of the amelioration of the depressed classes may vest with Government alone and the Revenue Commissioner deemed as the Chief controlling authority on grounds of administrative convenience and as better results can be expected to be acnieved. This procedure has for its approval the former precedent and is also of urgent necessity.

The Vp and District Board Act needs amendment.

8/8 (Revenue Secretary) 8/8

Section 86 of the Mysore Zilla Parishads and Taluk Development Boards Act, 1959 lays down in Clause x, that the formulation of annual programmes of Rural development and Scheduled Castes upliftment for the approval of the Govt is as one of obligatory duties of ZP Boards. Mere formulation of programmes without the finances to implement them will achieve Nothing. And from an appraisal of the highly financial resources of the ZP Boards it seems to most highly unlikely that they will be able to spare any funds for this purpose. Govt will have to continue the Grants they have been making. For this reason it is desirable that Govt should undertake the complete Control (and Responsibility) for this work outside urban areas.

In this view a short amendment of Sec 86 Clause x)

will be necessary

The next point for consideration is whether the Rev. Comm.
Grants be made in Chief enabling authority for dispersed clan
amelioration work instead of the L.S.G. Comm. as present.
Such a change is extremely desirable as most of the
amelioration work comes within the purview of the Normal work of the
Rev Deptt and better results could be expected if the
Control & direction of this item of work rests with the
R.C.'s as in 1948

---

SUBMITTED:

Begs to submit that the undersigned understands that the Commissioner of Labour who is also the Commissioner for Depressed Classes (Mr.R.Rama Chandra Rao Bhombore, B.A.,) is going to retire from services shortly. In this connection, begs to represent that the Depressed Class Department may be kindly separated from the Labour Department and the undersigned may be appointed as Commissioner for Depressed Classes in grade Rs. 1,000-200-1400. It may be kindly observed that the undersigned is already drawing Rs.650/- in grade 600-25-850. As the highest pay of his present grade is Rs.850/-, he may be kindly given the next higher grade as mentioned above and permitted to draw Rs.1000/- in that grade. If this is not possible, he may be given a pay of Rs.800/- in grade Rs.800-100-1200 and designated as Deputy Commissioner for Depressed Classes or Special Officer for Depressed Classes and placed under the Revenue Commissioner for doing Depressed Classes work. In this connection, it is brought to kind notice that the Government have in their Order No.10-13/C.B.16-47-1 dated 2nd July,1947 clearly stated that the question of having a separate department for looking after the amelioration and upliftment of the Depressed Classes has been under the consideration of Government for some time past and that several representations have been made to Government in that behalf.

Presented
R
3/8/48

As per above extract the intention of Government to establish a separate department for the Depressed Classes is quite clear. It is therefore prayed that I may kindly be given a chance to work as the Commissioner for Depressed Classes. Instances are not wanting in the Education Departments of officers jumping from 650 to Rs.1,400 and raw recruits being appointed.....

appointed straight away to Rs.4,000/- initial appointment.

The undersigned is an officer of the Civil Services and has put in over 22 years service and is a foremost member of the Depressed Classes in the Civil service and he therefore prays for the special encouragement.

Begs to submit that the undersigned understands that the Commissioner of Labour who is also the Commissioner for Depressed Classes is going to retire from service shortly. In this connection, begs to state that the Depressed Class Department may kindly be separated from the Labour Department and the undersigned appointed as Commissioner of Depressed Classes in grade Rs.1000-200/2-1400. It may be kindly observed that the undersigned is already drawing a pay of Rs.650/- in grade Rs.600-25-850. As the highest pay of his present grade is Rs.850/- he may be kindly given the next higher grade mentioned above as he is the senior-most officer in the Depressed Class Department and this vacancy is due to him. If this is not possible, he may be given a pay of Rs.800/- in grade Rs.800-200/2-1200 and designated as Deputy Commissioner for the Depressed Classes and placed under the Revenue Commissioner for doing Depressed Class work with revenue powers. In this connection, it is brought to kind notice that the Government have in their order No.10-15/C.S.16-47-1 dated 2nd July 1947 clearly stated that the question of having a separate department for looking after the amelioration and upliftment of the Depressed Classes has been under the consideration of Government for some time past and that several representations have been made to Government in that behalf.

As per above extract, the intention of Government to establish separate department for the Depressed classes is quite clear.

It is therefore prayed that he may be kindly given a chance to work as Commissioner for Depressed Classes. Instances are not wanting of officers jumping from Rs.650/- to Rs.1400 (Education Department) and raw recruits being appointed straight away to Rs.1000/- initial pay.

The undersigned is an officer of the Civil Service and has put in over 22 years' service, has worked in various capacities, is a well-trained officer in Civil Service and is a foremost member of the

Depressed Classes in Service and therefore prays for the special encouragement.

Pro-ceedings of the Govt of H. H. the Maharaja of Mysore

Read :-

G.O. No 10-13 | CB 16-47-1 dated 2nd July 1947 appointing Comr of Labour as Comr of Depressed classes also

Order No. 9681-703 Dated 19-6-48 C.B. 335-47-2

to present the Comr of Labour is also Comr for Depressed classes. As questions relating to Labour are assuming greater importance for the past sometime, the Comr of Labour is finding it very difficult to devote necessary amount of much attention to problems relating to the amelioration of the Depressed Classes.

Much of this work has to be done in the Villages and largely under the guidance and administrative control of officers of the Revenue Dpt who are in constant & intimate touch with the requirements of the Villages

Besides, work has

as it ultimate field of action in a village which by time immemorial has been subject to the

the control and administration of the Revenue officers and the Rev. Administration. The vital matters concerning the betterment of the Depressed classes either fall within the range of the Revenue Code and Rules or are within the competency of the officers of the Rev Deptt In the case of the Act, ~~As a result of~~ this, any separate agency or office set up for carrying on the amelioration work has perforce to depend ultimately on the Rev Deptt Govt feel that the Rev. Comr who has intimate knowledge of the entire population of rural areas, ~~will be in a better position~~ and who is the head of the Rev Deptt will be in a better position to administer the rules concerning this class of people to their best advantage ~~There is~~ therefore, greater scope for

~~For better work in~~ this direction if the work is transferred to the Rev Comr as the entire Executive machinery is under his control and direction ~~further~~ the Rev. Comr who is also the Hyderabad Comr can better handle the matters connected with the recent legislation relating to temple-entry

In the above circumstances Govt are pleased to direct that the work relating to the amelioration ~~of~~ and uplift of Depressed classes be transferred to the Rev. Comr They also direct that the existing staff now sanctioned in this behalf, will hereafter work under the orders and directions of the Rev. Comr

Ch Secy to Govt

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

O r d e r No. 10-13/G.B.10-47-1,

Dated, Bangalore, 2nd J u l y 1947.

The Director of Industries & Commerce is at present the ex-off Commissioner of Labour. He is the Government Director and Chairman some Joint Stock Companies and in addition to is executi tive charge of several industrial concerns. There is also a heavy programme of post-war schemes which have to be implemented urgently.

In view of the heavy and arduous work devolving on the Dire of Industries & Commerce and also in consideration of the fact tha may not be desirable that an officer in charge of so many Industri Concerns should be in charge of labour matters and the settlement labour disputes and negotiations connected with it, Government con that the Director of Industries & Commerce should be given some r by relieving him of the work relating to the Labour Department an this work should be entrusted to a whole-time officer.

Government are, therefore, pleased to sanction the appointm a whole-time Commissioner of Labour. He will also be Commissioner Depressed Classes, in view of the fact that the question of havin separate Department for looking after the amelioration and upliftment of the Depressed Classes has been under consideration for some time past and several representations have been made to Government in that behalf.

Government are also pleased to sanction the appointment of an Assistant Commissioner of Depressed Classes, who will assist the Commissioner of Labour & Depressed Classes, in his work relating to the amelioration and upliftment of Depressed Classes.

Separate orders will issue regarding the posting of officers.

By Order,

Chief Secretary to Government.
